Hi Brian,

ALLETE uses Automic (UC4) and have been very happy with it. We are starting to deploy other corporate applications scheduled jobs through this tool as well.

Subject: [EXTERNAL SENDER] Batch Scheduler for CC&B?

WARNING: This e-mail is from an external sender. Use caution when opening attachments and clicking links.

Hello everyone. I'm the IT Manager for the City of Sacramento, working on a CC&B install for our Department of Utilities. I thought I would reach out to this group and solicit some information concerning what tool you use for scheduling your batch jobs. We knew that CC&B has its own capabilities but they appear limited for our needs. We've been asking vendors to respond to our request for quotes, but the few that have answered have been ridiculously expensive! I was hoping that you could let me know what you use for your batch process scheduling (UC4, OpCon, Tidal, etc.), and if you are happy with the performance. Thanks very much for your cooperation and I look forward to hearing back from you!
